

## Bondser C4

### General

Water-based frame adhesive

### Advantages

- Bondser C4 is economical than sprays.
- Suitable to ecological standards.

### Applications

- Bondser C4 is used for gluing textile materials to print frames.
- It is designed to strenght for pressure of low noise that is emulsion polymer for ready-to-use.
- It provides excellent adhesion even if in high application speed.
- Bondser C4 has improved drying properties which are peeling, adhesion and cutting.

### Usage

- It sprays to application frames with special air spray apparatus.
- It has low water strenght therefore Bondser C4 can be used with warehouse labels that should be designed as hard and/or plastise (made from PVC, PE and PP film)
- Before use please stir this product well. Filtration should be advised with low power pump (>50µ)

### Storage & Shelf Life

- Keep containers dry and tightly closed. Store in a ventilated place between (+5)-(+30)°C /(+41)-(+86)°F of temperature.
- It should be consumed within 2 years after the production date.

## Technical Details

**Appearance**  
Paste

**Odor**  
Characteristic

**Color**  
Trasparent

**Viscosity**  
4000 - 5000mPas

**Density**  
1,0 g/cm<sup>3</sup> (25 °C)

**pH**  
6.5 - 7.5

**Boiling Point**  
>212°F (100°C)

**Solubility**  
Dispersible in water

**Explosion Hazard**  
It is not explosive

**Packaging Information**  
Bondser C4 is packed in  
1/5/10/20/30/60 kg plastic cans

## Important

The technical application and information that have been given above, are designed only as using instructions. Should not be considered as a warranty for any other use. When any help or assistance is required, our technical department is ready for help.

In case of emergency, Safety Data Sheet of this product should be ready for help at the working area. The warnings are given on safety data sheet of this product is for use outside the manufacturer/ distributor to direct/indirect can not be held responsible for any loss or damage.
